  • A:
Problem

When you’re...
  Planning a vacation
  Researching a medical condition
  Doing a literature review
  Etc.

You...
  Cannot solve info need with a single query
  Don’t know exactly what you’re looking for

So you wind up
  Running lots of queries
  Keeping track of what you’ve seen
And the only help you get is the purple link
Some definitions

Session
   A sequence of actions occurring within a certain amount of time

Exploratory session
   A session that contains at least two queries with some overlapping documents

Re-finding session
   A session that ends on a selection of a previously-clicked-on document

Question: are these common?
Answer: Common enough

33 people
1600+ sessions
918 had at least two queries
What do we do about it?
