

Preface

The GraphHPC-2017 conference was held on March 2, 2017, Moscow, Russia. The conference was organized by DISLab Laboratory of JSC NICEVT and Research Computing Center of Lomonosov Moscow State University.

The GraphHPC-2017 conference was focused on high performance large-scale graph processing and the aim was to bring together hardware, software and application developers to address the most difficult scientific and engineering challenges in graph computation.

Program Committee Chair

Voevodin V. V., Corresponding member of the Russian Academy of Sciences, MSU RCC

Program Committee

Simonov A. S., PhD, JSC NICEVT

Frolov A. S., DISLab (JSC NICEVT)

Semenov A. S., PhD, DISLab (JSC NICEVT)

Pozdneev A. V., PhD, IBM

Daryin A. N., PhD, Google

Korzha A. A., PhD, Micron

Chernoskutov M. A., IMM Ural Branch of RAS

Tkachev D. F., Qrator Labs
