Preface

This volume contains the papers presented at AI*AAL.it 2019, the Fifth Italian Workshop on Artificial Intelligence for Ambient Assisted Living (http://aiaal2019.istc.cnr.it), held within the 18th International Conference of the Italian Association for Artificial Intelligence (AI*IA 2019), in Rende (CS), Italy, on November 22nd, 2019.

The aim of this series of workshops is to bring together researchers interested in different aspects of Artificial Intelligence for Ambient Assisted Living.

The working group “Artificial Intelligence for Ageing Society” has previously organized several Workshops on Technological Challenges and Scenarios for the Ageing Society in Brescia, Palermo, Torino, Genoa, Bari, and Trento to discuss about technological roles and opportunities for Artificial Intelligence in the Ageing Society domain. Capitalizing from these activities, the group is establishing a stable forum on the topic and organized the Fourth Edition of the Italian Workshop on Artificial Intelligence (AI) for Ambient Assisted Living (AAL) with the goal of collecting contributions, ideas and new scientific and technological scenarios, as well as to discuss and disseminate results on Artificial Intelligence for Ambient Assisted Living.

This year, each paper was reviewed by at least two members of the Program Committee of the Workshop, and on the basis of their recommendations, 5 documents have been selected for publication and presentation at AI*AAL.it 2019. In addition, the workshop was enriched by the valuable participation of Stefania Bandini as invited speaker.

We thank all members of the AI*AAL.it Program Committee for their effort in the review process that was fundamental for maintaining the high scientific level of the workshop. We thank the AI*IA council, who trusted us to organize AI*AAL.it 2019, and all the researchers of the AI and AAL community who supported this event by submitting their work and actively participating in it.

February 2020

Stefania Bandini, Gabriella Cortellessa, and Filippo Palumbo
Workshop Organization

Chairs

Stefania Bandini  
CSAI, University of Milano-Bicocca, Italy

Gabriella Cortellessa  
ISTC-CNR, Roma, Italy

Filippo Palumbo  
ISTI-CNR, Pisa, Italy

Program Committee

Stefania Bandini  
CSAI, University of Milano-Bicocca, Italy

Paolo Barsocchi  
ISTI-CNR, Pisa, Italy

Luigia Carlucci Aiello  
University La Sapienza, Roma, Italy

Niccolò Casiddu  
Scuola Politecnica, University of Genova, Italy

Filippo Cavallo  
Scuola Superiore Sant’Anna, Pisa, Italy

Flavio S. Correa Da Silva  
University of Sao Paulo, Brazil

Gabriella Cortellessa  
ISTC-CNR, Roma, Italy

Antonino Crivello  
ISTI-CNR, Pisa, Italy

Luca Crociani  
University of Milano-Bicocca, Italy

Riccardo De Benedictis  
ISTC-CNR, Roma, Italy

Berardina Nadja Decarolis  
University of Bari, Italy

Stefano Ferilli  
University of Bari, Italy

Francesca Fracasso  
ISTC-CNR, Roma, Italy

Michele Girolami  
ISTI-CNR, Pisa, Italy

Hiroko Kudo  
University of Chuo, Japan

Davide La Rosa  
ISTI-CNR, Pisa, Italy

Alessandro Leone  
IMM-CNR, Lecce, Italy

Fabio Mavilia  
ISTI-CNR, Pisa, Italy

Andrea Orlandini  
ISTC-CNR, Roma, Italy

Filippo Palumbo  
ISTI-CNR, Pisa, Italy

Eloisa Vargiu  
Eurecat – BDigital, Spain
Table of Contents

Invited Talk

Towards Affective Walkability for Healthy Ageing in the Future of the Cities
Stefania Bandini - CSAI, University of Milano-Bicocca, Italy
Francesca Gasparini - CSAI, University of Milano-Bicocca, Italy

Papers

Toward the Integration of Perception and Knowledge Reasoning: An Adaptive Rehabilitation Scenario
Alessandro Umbrico, Alessandra Sorrentino, Filippo Cavallo, Laura Fiorini, Andrea Orlandini, and Amedeo Cesta

Artificial Intelligence on Edge Computing: a Healthcare Scenario in Ambient Assisted Living
Andrea Pazienza, Giulio Mallardi, Corrado Fasciano, and Felice Vitulano

Deep Learning and Machine Learning Techniques for Change Detection in Behavior Monitoring
Giovanni Diraco, Alessandro Leone, Andrea Caroppo, and Pietro Siciliano

Improving Sleeping Habits: Preliminary Experiments in Barcelona and Lleida
Eloisa Vargiu, Carme Zambrana, Adriano Targa, and Ferran Barbe

Exploiting BLE beacons capabilities in the NESTORE monitoring system
Filippo Palumbo, Paolo Baronti, Antonino Crivello, Francesco Furfari, Michele Girolami, Fabio Mavilia, Marta Civiello, Enrico Denna, Leonardo Angelini, Mira El Kamali, Omar Abou Khaled, Elena Mugellini, and Giancarlo Pace
