

# Preface

The International Research and Practice Conference “Information Technologies and Security” is annually held by Institute for Information Recording of National Academy of Sciences of Ukraine. The collection includes selected papers presented at the XX International Scientific and Practical Conference "Information Technologies and Security" (ITS-2020, December 10, 2020, Kyiv, Ukraine).

Selected conference papers cover such issues of Computer Science as critical infrastructure cyber-security, open source-based information and analytical research technologies, ontological approach, semantic networks, decision-making support, computer modeling of processes and systems, relevant problems of technological support of information and cybernetic security.

Aleksandr Dodonov  
ITS-2020 Conference Editor

## **Program committee of the conference:**

**Aleksandr Dodonov**, Dr.Eng., Professor, Institute for Information Recording of National Academy of Sciences of Ukraine, Ukraine

**Dmitry Lande**, Dr.Eng., Professor, Institute for Information Recording of National Academy of Sciences of Ukraine, Ukraine
