Sponsors

Grammarly (<https://www.grammarly.com/>) Grammarly's AI-powered writing assistant uses machine learning and deep learning algorithms to help more than 20 million people write more clearly and effectively every day. The product offers feedback and suggestions about correctness, clarity, engagement, and delivery via a web editor, native desktop apps, browser extensions, mobile keyboards, and a Microsoft Office add-in. Founded in 2009, Grammarly currently has more than 200 team members across offices in Kyiv, New York, Vancouver, and its headquarters in San Francisco.

ELEKS (<https://eleks.com/>) is a Top 100 Global Outsourcing company headquartered in Lviv (Ukraine) that provides expert software engineering and consultancy services. For almost 30 years, ELEKS has been working as a software innovation partner with Fortune 500 companies, big enterprises and technology challengers. The company has excellent track record of offering their services in Logistics, Retail, Fintech, Healthcare, Automotive, Agriculture, Government, Media & Entertainment. ELEKS has 1500+ employees and operates its offices in Ukraine, the United States, Canada, Germany, Poland and the United Kingdom.
