

# Message from the Editors

The Sixth Conference on Software Engineering and Information Management (SEIM-2021) opens its doors to young researchers and practitioners in different areas of computer science and software engineering, providing an opportunity to present their research, discuss state-of-the-art technology and engage in useful networking. As before, we consider SEIM to mainly focus on researchers who are just starting out their scientific careers, and hope to ease their introduction to the conference process. On the other hand, SEIM might also be of interest to more experienced researchers, who are aimed at sharing their research with a wider scientific community.

The conference welcomes submissions on a wide range of topics, including but not limited to:

- Algorithms and data structures
- Big data
- Cloud systems
- Coding theory
- Compilers
- Crowdsourcing
- Data storage and processing
- Development management
- Digital signal processing
- Distributed systems
- E-commerce / e-government
- Empirical software engineering
- High-performance computing
- Information retrieval
- Information security
- Intelligent data analysis
- Internet of Things
- Machine learning
- Mobile systems
- Modelling
- Natural language processing
- Networks and telecommunications
- (Non-)relational databases
- Operating systems
- Programming languages
- Recommendation systems
- Robotics
- Semantic web
- Social networks
- Software analysis
- Software testing
- Software verification
- Software virtualization
- Software-defined networks
- Theoretical computer science
- Visual languages

This year we received 30 papers, each reviewed by at least 3 members of the Program Committee, of which six were selected for publication in CEUR-WS.org. We would like to thank the members of our Program Committee for their continuous work and contribution to the success of our conference.

These proceedings include the SEIM-2021 papers, which were selected by the Program Committee for publication in CEUR-WS.org. These papers passed not only the original review procedure, but also an additional round of post-review with the conference feedback. We thank the authors for their submissions to SEIM-2021 and hope to see them in the future.

Furthermore, we would also like to thank Tatiana Mironova, Sergey Zhnevchuk and Svyatoslav Mikhailov for their great help in organizing the conference, Computer Science Center for hosting the event, and JetBrains Research for their overall support. The additional information about the SEIM conference series can be found on the conference website at: <http://2021.seim-conf.org/>

*Peter Trifonov, Anton Podkopaev (editors)*

# SEIM-2021 Organization

The conference was organized jointly with Computer Science Center and supported by JetBrains Research.

## Steering Committee

Dmitry Boulytchev / St. Petersburg State University  
Vladimir Itsykson / St. Petersburg Polytechnic University  
Andrey Ivanov / JetBrains  
Iakov Kirilenko / St. Petersburg State University  
Kirill Krinkin / St. Petersburg Electrotechnical University  
Boris Novikov / HSE University

## Program Committee Chairs

Peter Trifonov / ITMO University  
Anton Podkopaev / HSE University and JetBrains Research

## Program Committee

Marat Akhin St. Petersburg Polytechnic University	Kirill Krinkin St. Petersburg Electrotechnical University
Anton Alekseev St. Petersburg Department of V.A.Steklov Institute of Mathematics RAS	Svetlana Lazareva Raidix
Danil Annenkov University of Copenhagen	Yurii Litvinov St. Petersburg State University
Daniil Berezun JetBrains and St. Petersburg State University	Dmitry Luciv St. Petersburg State University
Sergey Bezzateev St. Petersburg University of Aerospace Instrumentation	Igor Malyshev St. Petersburg Polytechnic University
Nikita Bobrov St. Petersburg State University	Dmitry Mordvinov St. Petersburg State University and JetBrains Research
Natalia Bogach St. Petersburg Polytechnic University	Boris Novikov HSE University
Dmitry Boulytchev St. Petersburg State University	Andrey Ovchinnikov St. Petersburg University of Aerospace Instrumentation
Pavel Braslavski Ural Federal University	Oleg Pliss Lightmatter
Timofey Bryksin St. Petersburg State University and JetBrains Research	Nikita Povarov JetBrains
George Chernishev St. Petersburg State University	Sergey Salishev St. Petersburg State University
Anton Filatov St. Petersburg Electrotechnical University	Stanislav Sartasov St. Petersburg State University
Viacheslav Galaktionov St. Petersburg State University	Yuri Senichenkov St. Petersburg Polytechnic University
Natalia Grafeeva St. Petersburg State University	Kirill Smirnov St. Petersburg State University
Valentin Grigoriev St. Petersburg State University	Darja Solodovnikova University of Latvia
Semyon Grigorev St. Petersburg State University	Sergey Stupnikov Institute of Informatics Problems RAS
Dmitry Grigorev St. Petersburg State University	Alena Suvorova SPIIRAS
Vladimir Itsykson St. Petersburg Polytechnic University	Artem Trofimov Yandex
Evgeniy Kalishenko St. Petersburg Electrotechnical University	Anton Trunov Zilliqa Research
Aleksandr Kapitonov ITMO University	Dmitry Tsitelov Devexperts
Iakov Kirilenko St. Petersburg State University	Ekaterina Verbitskaya St. Petersburg State University
Evgeniy Klyuchikov St. Petersburg State University	Natalia Voloshina ITMO University
Vladimir Kovalenko JetBrains Research	Mark Zaslavskiy JetBrains Research
	Mikhail Zymbler South Ural State University
