CMiGIN-2022 received 46 submissions in total. All papers were reviewed by two reviewers. Out of these, 27 papers were accepted for this volume, all as regular papers.

The conference would not have been possible without the support of many people. First of all, we would like to thank the program and organization staff, the members of the Technical Program Committees, and external reviewers for their excellent and tireless work. We sincerely wish that all attendees benefited scientifically from the workshop and wish them every success in their research. It is the humble wish of the workshop organizers that the professional dialogue among the researchers, scientists, engineers, and doctors continues beyond the event and that the friendships and collaborations forged will linger and prosper for many years to come.
