**SMART TECHNOLOGIES AND IoT
STIoT 2025**

Proceedings of the Workshop

November 19-20, 2025

Almaty, Kazakhstan

Preface

The Workshop on Smart Technologies and IoT (STIoT 2025) was successfully held on November 19-20, 2025, in Almaty, Kazakhstan at the International Information Technology University in the offline format.

The goal of the Workshop on Smart Technologies and IoT was to provide a platform for discussing recent advances, emerging trends, and practical applications in smart systems and Internet of Things technologies, fostering interdisciplinary collaboration and knowledge exchange among researchers, practitioners, and industry experts.

The Workshop received 23 submissions, and 16 of them were selected for publication. Scientists from all over Kazakhstan, as well as representatives of the industry, took an active part in the event. In addition, researchers from Ukraine also made their contributions.

We would like to express our gratitude and appreciation to all the participants of STIoT 2025 and the Organizing and Program Committee.

Editors
