Preface

This volume contains the proceedings of the 1st International Workshop on Systems, Applications, Artificial Intelligence and Innovation (IWSAI 2026), which took place at Universidad Nacional de Piura located in Piura, Peru, from 16 to 18 September 2026.

The workshop received 69 submissions. All submitted papers underwent a double-blind peer review process, where each paper was reviewed by at least two (2) experts. After a careful discussion, the diverse program committees decided to accept 26 research papers, giving an overall acceptance rate of 37.68%.

In each session of the workshop, paper presentations were followed by remarks from the session chairs and a plenary discussion. We sincerely thank all session chairs for their thorough preparation and for fostering engaging and insightful discussions.

In addition, one keynote paper was included in this volume.

Finally, we would like to express our sincere appreciation to the Universidad Nacional de Piura (UNP), Peru, for its valuable support and for hosting IWSAI 2026. We are particularly grateful to the university authorities for their support and commitment to the successful realization of the workshop:

- Dr. Adolfo Zeta Vite, Rector of the Universidad Nacional de Piura
- Dr. Orlando Bartolomé Zapata Coloma, Vice Rector for Research
- Dr. Wilson Gerónimo Sancarranco Córdova, Vice Rector for Academic Affairs
